THE PARTICULARS OF
Mr. COOPER THORNHILL'S ROAD-MATCH,
Performed on MONDAY, APRIL 29, 1745,

	H. M. Sec.
FROM <i>Stilton</i> to <i>London</i> in	3 52 59
From <i>London</i> to <i>Stilton</i> in	3 50 57
From <i>Stilton</i> to <i>London</i> in	3 49 56
Near <i>Two Hundred and Thirteen Miles</i> in	11 33 52

This Match was made for a considerable Sum of Money, and many Hundred Pounds, if not Thousands, were depending on it. Mr. *Thornhill* was allowed as many Horses as he pleased, and to perform it in Fifteen Hours, which he did in Eleven Hours Thirty-three Minutes and Fifty-two Seconds, as above, which is Three Hours, Twenty-six Minutes, and Eight Seconds, under the Time allowed him.

N. B. It is Seventy-one Miles from *Shoreditch* Church (the Place he came to) a little beyond Mr. *Thornhill*'s House at *Stilton*.

An ACCOUNT of the CARRIAGE-MATCH,
Made by the Earls of MARCH and EGLINTOWN,
With THEOBALD TAAFFE, and ANDREW SPROWLE, Esqrs.
For One Thousand Guineas.

THE Conditions of the Articles were, to get a Carriage with four running Wheels, and a Person in or upon it, drawn by four Horses, nineteen Miles in one Hour; their Lordships were to give two Months Notice what Week it should be done in, and had the Liberty of chusing any one Day in that Week; which was performed on *Newmarket* Heath, on the Twenty-ninth of *August*, 1750, in Fifty-three Minutes and Twenty-seven Seconds, as appeared by Three Stop-Watches the Umpiers held, which did not vary one Second.

The Horses were all bred and trained for Running; the Two Leaders, including Riders, Saddles, and Harness, carried about eight Stone each, the Wheel Horses about seven Stone each, the Carriage, with a Boy on it, weighed about twenty-four Stone.

Tawney, the near Leader, was rode by *William Errat*, who had the conducting the Rate to go at; the off Leather, *Roderick Random*; the near Wheel Horse *Chance*, the off Wheel Horse, *Little Dan*; they had all Bolsters to preserve their Shoulders. The Traces (by an ingenious Contrivance) run into Boxes with Springs, when any of them hung back, to prevent the Traces getting under their Legs; a Rope went from the further End of the Carriage to the Pole and brought back under it, to keep the Pole steady; by the Side of each Wheel there were Tin-Cases with Oil dropping on the Axle-Tree, to prevent its firing; the Boy placed on it was only to fulfil the Articles.

It Started about Seven in the Morning, near the Six Mile House, and run between the Warren and Rubbing-Houses, came through at the Ditch, called the running-Gap, then turned to the Right, and run three Times round a corded Piece of Ground of Four Miles, and then back to the Place it Started from.

This Match was performed before a great Number of Spectators, without any Person attempting to Ride with it, except Mr. *George Tuting* and Lord *March's* Groom, who waited on them to assist in Case of an Accident.
